The juvenile moke has begun to play tricks on the country cousin. The other day a shiner on Forrest avenue borrowed a countryman's knite and then ran with it. He was pursued but dodged up one of the stairways in the old St. Elmo and was lost sight of in the numerous hallways. A half hours search by the countryman failed to reveal the shiner and the fine pocket knife, and retreated with much profanity; but the next time the optics of he that once owned a fine pocket knife beholds the object of his wrath that coon's hide won't hold sage brush. -Parsons Eclipse.

The Dangers of The Stock Markets

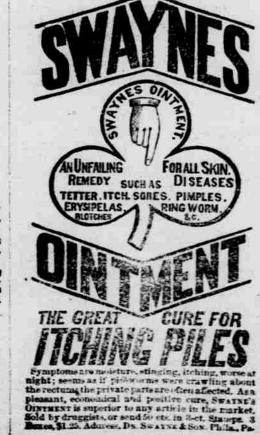

A man may be incredulous enough to risk his money in the fickle mysteries of a mercurial stock market but when he gets the Itching Piles, he goes straight for Swayne's Ointment. Unlike the Bulls and Bears of the Stock Exchange, who clean you out of hard earned cash, it returns your money with interest, in the way of allaying the intense Itching and insuring sweet repose. 201-22-1111

Late Saturday night a fire broke out in a restaurant on Main street in Eldorado in the restaurant kept by a man named Brazier, and destroyed it and five other buildings. A negro was hanged by a mob at Galion, Ohio, Sunday. A white man was hanged at Minneapolis three days before. A white man was hanged at Greensburg, Indiana, three days before that. All these hangings were executed by mobs without trial. We do not say the victims were unjustly executed. It is probable every one of them richly deserved the penalty so rudely dealt out to them. But the transactions destroy the right of Northern communities to reproach the people of the South for this style of doing business, and to claim that the North is in all cases a land of law and order. Cases are frequently occurring, very frequently of late, where the cooler blood of Northern communities is stired to uncontrollable turry by heinous crimes, and in these cases the offender has no more chance before an Ohio or Minnesota mob than before an Arkansas or Mississippi

DOCTOR BLAIR'S DEATH.

Shot Down by Alfred Jones et Clifton Hill, Sunday.

The Messrs. Blair, of this city, received a telegram from Clifton Hill, Randolph county, Sunday afternoon at 5 o'clock, bearing the sap tidings that their brother, Dr. H. S. Blair, had been shot and killed. The telegram was brief, only stating that the deed was perpetrated by a man named Jones. In response to the dispatch, Mr. R. A. Blair, accompanied by his mother, Mrs. M. B. White, left on the 7:50 o'clock train for Clifton Hill. The particulars, as far as could be learned,

though a short letter was received last night by the Messrs. Blair from R. A. Blair. The letter stated that Dr. Blair had been out to his farm, situated a half mile from Clitton Hill, a station fourteen miles west of Moberly, on the Wabash Railway. Dr. Blair was returning, and had reached a point 100 yards from his residence at Clilton Hill, when he was met by

ONE JONES, A CARPENTER.

Whether there was any difficulty between them, the letter did not state. At all events, Jones shot Dr. Blair and death ensued in twenty minutes. The weapon Jones used was concealed in his coat, and he discharged it from his pocket. The murderer was arrested at once and taken to the Huntsville jail. Ali efforts to extract from him a statement of how he came to do the terrible deed proved fruitless. He persistently refused to say anothing whatever regarden his crime.-[Sedalia Democrat.
